**MEMORANDUM OF UNDERSTANDING  
BETWEEN  
THE CITY OF BREA  
AND  
THE BREA FIREFIGHTERS' ASSOCIATION**

**April 1, 2015 through March 31, 2018**

*This Memorandum of Understanding (MOU) is made and entered into by and between the duly authorized representatives of the City and the Brea Firefighters' Association.*

**A. Recitals**

*(i) The parties hereto have met and conferred in good faith pursuant to the Meyers-Milias-Brown Act, Government Code Section 3500, et seq., and have reached agreement on changes in wages, hours and terms and conditions of employment.*

*(ii) The parties hereto have agreed upon the wages, hours, and terms and conditions of employment as set forth herein in order to encourage effective recruitment and retention of well-qualified employees and to foster and reward employees' potential, performance, professional attitude, morale and pride in work. The Brea Firefighters' Association employees hereby acknowledge these expectations.*

**B. Agreement**

*Now, therefore, the parties hereto agree as follows:*

**ARTICLE I – RECOGNITION**

**Section 1.** Pursuant to the provisions of City of Brea Employer-Employee Relations Resolution No. 69-66, the City of Brea (hereinafter called the "City") has recognized the Brea Firefighters' Association (hereinafter called the "Association") as the majority representative of employees in the bargaining unit, which includes full-time employees in the classifications of Fire Captain, Fire Engineer, and Firefighter (Exhibit "A").

**Section 2.** The City shall recognize the Association as the majority representative of employees in the classifications set forth in Section 1 of this Article for the purpose of meeting its obligations under this Agreement, the Meyers-Milias-Brown Act, and Government Code Section 3500, et seq.

## **ARTICLE II – NONDISCRIMINATION**

**Section 1.** The City and the Association agree that they shall not discriminate against any employee because of race, color, gender, age, national origin, marital status, sexual preference, political or religious affiliations, and/or disability, except as may be required for compliance with Federal or State law, or exercise of rights under the Meyers-Milias-Brown Act. The City and the Association shall re-open any provision of this Agreement for the purpose of complying with any final order of a Federal or State agency or court of competent jurisdiction requiring a modification or change in any provision or provisions of this Agreement in compliance with Federal or State anti-discrimination laws.

### **Section 2. Disability, Discrimination Laws.**

- A. Because Federal and State disability discrimination laws require accommodations for individuals protected under those Acts, and because these accommodations must be determined on an individual, case-by-case basis, the parties agree that the provisions of this Agreement may be disregarded in order for the City to avoid discrimination relative to hiring, promotion, granting permanency, transfer, layoff, reassignment, termination, rehire, rates of pay, job and duty classification, seniority, leaves, fringe benefits, training opportunities, hours of work or other terms and privileges of employment only to the extent necessary to reasonably accommodate an individual covered by the respective disability laws, who meets the minimum requirements for the position, and who has notified the employer of his/her disability.
- B. The Association recognizes that the City has the legal obligation to meet with the individual employee to be accommodated before any adjustment is made in working conditions. Prior to disregarding any provision of the Agreement in order to undertake required accommodations for an individual protected by the law, the City will provide the Association with written notice of its intent to disregard the provision, and will allow the Association the opportunity to meet and confer over modifications of the Agreement on a case-by-case basis. Failure to reach agreement shall not preclude the City from implementation during the term of the Agreement.
- C. Any accommodation provided to an individual protected by the law shall not establish a past practice, nor shall it be cited or used as evidence of a past practice in the grievance/arbitration procedure.

## **ARTICLE III – SALARY AND WAGE PLAN**

**Section 1.** Salaries effective the first payroll period commencing on or after July 1, 2015, are listed in Exhibit “B”, attached hereto and made a part thereof.

**Section 2.** Salaries effective the first payroll period commencing on or after July 1, 2016, are listed in Exhibit “C”, attached hereto and made a part thereof.

**Section 3.** Salaries effective the first payroll period commencing on or after July 1, 2017, are listed in Exhibit “D”, attached hereto and made a part thereof.

**Section 4.** In recognition of the 2.5% salary increases reflected in exhibits B, C, and D, noted above, association members will increase their employees’ share of PERS contributions by 0.5% effective each of the same dates as their salary increases as delineated in Article XIV, Retirement.

**Section 5. Merit Increases.** Merit increases will become effective on the date earned, if subsequently approved.

## **ARTICLE IV – SCHEDULING/HOURS OF WORK**

**Section 1.** Consistent with Article XXV, "City Rights," of this Memorandum of Understanding, it shall be understood that scheduling of employees and assignment of work shall be the sole responsibility of the City, consistent with the needs of the community. The Fire Chief shall designate work schedules. The Fire Chief may alter the work schedule of an employee subsequent to the consideration of departmental workload, operational efficiency, and staffing considerations. The Fire Chief shall report any work schedule change in writing to the City Manager, where such change impacts a significant number of employees.

**Section 2. 9/80 Work Schedule.** The City has implemented a structured, synchronized 9/80 work schedule for the non-shift sworn employees assigned to Fire Administration. The structured, synchronized 9/80 work schedule shall consist of two (2) consecutive work periods containing the equivalent of nine (9) work days instead of ten (10) in a two (2) week period. Employees will work eight (8) days for nine (9) hours a day, and one (1) day for eight (8) hours, for a total of eighty (80) hours in two (2) consecutive work periods.

Consistent with Article XXV, "City Rights," it shall be understood that the implementation of the structured, synchronized 9/80 work schedule shall be the sole responsibility of the City, consistent with the needs of the community. Concurrent with its obligations under the Meyers-Milias-Brown Act, the City and the Association will meet and confer in good faith at any time prior to change, revision, or elimination of the structured, synchronized 9/80 work schedule. Failure to reach agreement on any change, revision or elimination of the structured, synchronized 9/80 work schedule shall not preclude the City from implementation during the term of this Agreement.

It shall be understood that scheduling of employees and assignment of work shall be the sole responsibility of the City, consistent with the needs of the community.

**Section 3. 48/96 Shift Schedule.** The work schedule for sworn employees includes two work shifts on duty followed by four shifts off duty (commonly called a “48/96” schedule).

- A. Application: This agreement will apply to Fire Department employees on a 24-hour shift schedule.
- B. Effective Date: The 48/96 work schedule became effective on April 4, 2009.
- C. Termination of the 48/96 Schedule: With 90 calendar days advance written notice, the City may, at its sole option, discontinue the 48/96 work schedule for failure to meet the objectives of the 48/96 work schedule (e.g., the items listed in Section F below, "Objectives of the 48/96 Schedule"). The 48/96 schedule may also be discontinued by mutual agreement between the City and the Association; however, this section shall not create an obligation for either party to meet and confer on this matter prior to discontinuing the work schedule.
- D. FLSA Work Period: The work period will be defined as a fourteen (14) day work period, as permitted by the Fair Labor Standards Act (FLSA), in order to accommodate the 48/96 schedule. Overtime will be paid as described in Article V.
- E. Description of 48/96 Work Schedule: A duty shift will be a period of 24 consecutive hours, commencing at 0800 hours one day and continuing to 0800 hours the next day. A scheduled rotation will occur after two (2) shifts (48 hours), followed by 96 hours off. This will result in six (6) hours of scheduled overtime per 14-day FLSA work period when averaged on a 112 hours per pay period.
  - 1. Concurrent with the commencement of the new work period, payroll for the affected employees shall be structured as 112 hours per pay period. This structure is recognized as an advance of overtime under the FLSA, based upon a normal work schedule of 2912 hours per year, which equates to an average of 112 hours per pay period. That payroll compensates the employee for an average of six (6) hours of schedule overtime per pay period (i.e.,  $112 - 106 = 6$ ). In those payroll periods when an employee's normal work schedule is less than 106 hours, he/she will be paid "in advance" of those pay periods when the employee's normal schedule is greater than 106 hours.
  - 2. Compensation for the 112-hour payroll will be reported as normal compensation for CalPERS retirement purposes.
  - 3. Non-Schedule Overtime which is time worked in excess of the 106 hour FLSA limit in any pay period will be paid under FLSA regulations as described in Article V.
- F. Objectives of 48/96 Schedule: It shall be the goal of the 48/96 schedule to improve employee morale and job satisfaction, maintain or improve productivity and training, maintain or improve continuity in the management of collateral assignments, and reduce commuter trips by 50% for all Suppression staff without negative impacts on the City including, but not limited to, the following areas:

1. Sick Leave use\*
2. Number of injuries and workers' compensation claims
3. Number of vehicular accidents
4. Employee fatigue
5. Overtime costs
6. Unable to achieve callback for Emergency Recall\*\*

\* The trigger point for Sick Leave will be the average of the last five (5) fiscal years, 4048 hours.

\*\* Emergency Callback will be monitored quarterly during the first year and as needed after the trial period.

Note: Immediately upon the appearance that any of the above areas may be cause for concern, the City, Fire Management and the Fire Association will analyze all available information. The goal is to determine whether or not there is a genuine issue and to develop resolution. If there continues to be negative impact on the City, then the cancellation options provided in Section 3 may be implemented. Nothing in this section shall create an obligation for either party to meet and confer on this matter prior to discontinuing the work schedule.

## **ARTICLE V – OVERTIME AND COMPENSATORY TIME OFF**

**Section 1.** Subject to the approval of the Fire Chief, or designee, employees may be authorized to work reasonable periods of overtime to meet operational needs.

Prior to implementation of the 48/96 work schedule, all twenty-four (24) hour "shift" employees' work period for the calculation of overtime pay shall be a twenty-eight (28) day work period per Section 207(k) of the Fair Labor Standards Act (FLSA).

Effective with the 48/96 schedule, all twenty-four (24) hour "shift" employees' work period shall be fourteen (14) days.

### **Section 2. Non-Exempt Employees.**

**Shift Employees.** Firefighters and Fire Engineers are considered non-exempt employees. As of August 23, 2004, Shift Fire Captains are considered non-exempt pursuant to revised Federal regulations effective that date.

- A. Prior to implementation of the 48/96 work schedule, non-exempt shift employees shall be paid at the rate of one and one-half (1.5) times the employee's hourly rate for all hours worked in excess of two hundred twelve (212) in the twenty-eight (28) day work period. These hours shall be referred to as "overtime" hours. After implementation of the 48/96 work schedule, non-exempt shift employees shall be paid at the rate of one and one-half (1.5) times the employee's hourly rate for all hours worked in excess of one hundred twelve (112) in the fourteen (14) day work period. These hours shall be referred to as "overtime"
1. The overtime rate will be calculated according to FLSA guidelines.
  2. Paid leave time (e.g., vacation, sick leave, holidays, compensatory time, etc.) shall not be counted as hours worked for the purposes of determining eligibility for overtime pay within a particular work period.
  3. Employees who work overtime without the express permission of the Fire Chief, or designee, may be subject to disciplinary action.
  4. Compensatory Time. Subject to the approval of the Fire Chief, or designee, non-exempt employees may elect to convert the half time "premium" portion of overtime hours worked (prior to the 48/96 schedule those hours in excess of two hundred twelve [212] in the work period or after implementation of the 48/96 schedule, those hours in excess of one hundred and twelve [112] in the work period) to compensatory time-off (CTO). Employees shall be paid at their regular rate of pay for the straight-time portion of the overtime hours worked. With the 48/96 schedule, employees are paid one hundred six (106) regular hours and six (6) straight time overtime hours per fourteen (14) day work period).
    - a. Subject to the approval of the Fire Chief, or designee, a non-exempt shift employee may request to "bank" up to a maximum of thirty-six (36) hours of compensatory time in lieu of receiving the premium portion of the overtime pay. The employee may request use of banked compensatory time by submitting a request in the same manner as vacation leave requests. Approval of the use of compensatory time shall not be unreasonably denied or delayed, and shall be approved by the Department Director, or designee, unless he/she determines that approval for the requested date(s) would create an undue burden on departmental workload, operational efficiency, and/or safe staffing considerations. An employee working all or a portion of a shift to cover CTO leave taken by another employee will be paid for such time and may not accrue compensatory time for that shift or any portion thereof.
    - b. The City may pay-off accumulated compensatory hours upon promotion, of a non-exempt employee.

- B. Non-Shift Employees. Non-exempt non-shift employees shall be paid at the rate of one-and-one-half (1.5) times the employee's hourly rate for all hours worked in excess of forty (40) in the seven (7) day work period. These hours shall be referred to as "overtime" hours.
1. The overtime rate will be calculated according to FLSA guidelines.
  2. Paid leave time (e.g., vacation, sick leave, holidays, compensatory time, etc.) shall not be counted as hours worked for the purposes of determining eligibility for overtime pay within a particular work week.
  3. Employees, who work overtime without the express permission of the Fire Chief, or designee, may be subject to disciplinary action.
  4. Compensatory Time. Subject to the approval of the Fire Chief, or designee, an employee may elect to take compensatory time off in lieu of receiving overtime pay for hours worked in excess of forty (40) in a work week. An employee who requests and is approved for compensatory time off in lieu of overtime is entitled to one-and-one-half (1.5) hours of compensatory time off for each hour for which he/she would otherwise be entitled to overtime pay.
    - a. Subject to the approval of the Fire Chief, or designee, employees may request to "bank" up to a maximum of forty (40) hours of compensatory time (representing 26.67 hours of overtime worked) in lieu of receiving overtime pay. The employee may request use of banked compensatory time by submitting a request in the same manner as vacation leave requests. Approval of the use of compensatory time shall not be unreasonably denied or delayed, and shall be approved by the Department Director, or designee, unless he/she determines that approval for the requested date(s) would create an undue burden on departmental workload, operational efficiency, and/or safe staffing considerations.

**Section 3. Exempt Status of Administrative Fire Captain Classification.** Pursuant to Section 13(a)(l) of the Fair Labor Standards Act (FLSA), the City has determined that employees in the classification of Fire Captain/Administration are exempt from the provisions of the FLSA when working in such assignments.

- A. Non-shift Fire Captains assigned to Fire Administration who work in excess of eighty (80) hours in the work period shall be paid for such hours at his/her straight-time regular rate of pay, or may elect, subject to the approval of the Fire Chief or designee, to receive compensatory time off, on an hour-for-hour basis. An employee may request to "bank" up to a maximum of forty (40) hours of compensatory time (representing forty [40] hours of time worked). The use of banked compensatory time shall be subject to the approval of the Fire Chief or designee.

**Section 4. Call-Back Pay.** An employee called back to work after completing his/her normal work shift and having left City premises and/or the employee's work location shall be paid a minimum of two (2) hours regardless of whether the employee actually works less than-two (2) hours. If the employee works more than two (2) hours call-back time, he/she shall be compensated according to the amount of time actually worked.

**Section 5. Emergency Recall.** Effective July 1, 2005, and pursuant to the definition of emergency contained in Department Operations Manual Section 3.02 (B), an employee responding to emergency recall will be paid at the time-and-one-half (1.5) rate for such overtime hours worked.

**Section 6.** Shift employees assigned to work with other entities in response to a task force, strike team, or for "assistance by hire" assignments on behalf of a third party shall be eligible for overtime compensation at a rate equivalent to time and one-half of the employee's hourly rate for each hour of such assignment if the contract for such assignment, or the conditions of reimbursement from the third party, provide for full reimbursement of overtime costs at the time-and-one-half hourly rate. The City shall only be responsible for time and one-half payments, not otherwise required under this MOU or the FLSA, if so reimbursed.

**Section 7. Overtime for Employees Also Working as Public Safety Dispatchers.** Employees who also work as part-time Public Safety Dispatchers shall be paid for all dispatcher hours worked at the rate of one and one-half (1.5) times the employee's hourly Public Safety Dispatcher pay rate.

Paramedics working rank down shall be paid top-step rate of paramedic pay.

All aspects to this work down policy are further stipulated in AOP #5.

**Section 9. Fair Labor Standards Act (FLSA) Disclaimer.** The City and Association agree that the City will administer overtime, compensatory time and shift trades in accordance with the mandates of the Fair Labor Standards Act (FLSA). It is understood and agreed that the City shall provide those overtime benefits mandated by the FLSA as distinguished from overtime benefits required under this Memorandum of Understanding, only to the extent and during such time that the FLSA is legally binding on the City.

**Section 10. Consecutive Shifts.** The City and Association agree that employees covered herein may volunteer to work 96 or more consecutive shift hours.

## **ARTICLE VI – SPECIAL ASSIGNMENT PAY**

**Section 1.** All individual appointments to, or removal from, special assignments shall be made or revoked at the sole discretion of the Fire Chief, or designee, based upon minimum qualifying criteria, performance, physical capability, or Fire Department operational needs. Additions or reductions in the number of assignments shall be at the sole determination of the City based on budgetary and staffing needs. All special assignment pay shall be effective for only as long as the duty assignment remains in effect for the individual.

**Section 2. Variety of Special Assignments.** The City shall provide special assignment pay as described below:

- A. **Administrative Sworn Employees.** A sworn employee assigned to work on a full-time basis in Fire Administration shall receive ten (10) percent in addition to his/her regular rate of pay while working in that assignment.

When there is no conflict with his/her regularly assigned duties, a sworn administrative employee shall be permitted to work in a shift assignment but shall not receive the ten (10) percent additional pay while performing shift duties.

If an employee receives tuition payments or refunds for college-level course work from other sources, the City will contribute the difference between the amount the employee receives from the other source and the authorized costs incurred by the employee to the maximum amount cited below.
- E. Reimbursement Schedule. The amount of education reimbursement available shall be \$2,500 for the twelve (12) month period from September 1 through August 31. Up to 20% of the annual amount (i.e., \$500) may be used for non-college education, training and professional development programs. Requests for reimbursement for completed education programs will be paid for the twelve (12) month period (September 1 through August 31) in which the requests receive final approval by the Human Resources Manager.
1. If the amount incurred and submitted for reimbursement for eligible college coursework in any year exceeds the \$2500 annual maximum, the employee may elect to carry-over the excess amount to be reimbursed in the next eligible year and paid from that succeeding year's annual maximum. Each employee shall also be eligible to participate in an intensive or condensed degree program on a one-time basis in lieu of the annual course reimbursement described above. Such program, which is designed to achieve approximately two years of classroom education within a one-year time frame, may result in expenses exceeding the annual reimbursement amount. An approved course of study in an intensive or condensed semester or degree-achievement format shall be eligible for reimbursement up to the annual maximum \$2500, paid over a four-year period to a maximum of the actual eligible costs, or \$10,000, whichever is lesser. The employee must submit proof of successful course completion, and proof of payment, to be eligible for reimbursement under this provision, before the annual successive reimbursement payments will be made."

## **ARTICLE X – PARAMEDIC CONTINUING EDUCATION/ RECERTIFICATION COMPENSATION**

**Section 1. Continuing Education.** An employee assigned as a Paramedic shall be compensated, at his/her regular rate of pay, for all education classes attended off-duty which are required to maintain minimum paramedic certification levels. These employees shall be paid only for hours actually spent in continuing education certification classes.

Compensation and verification of attendance hours will be based on the Fire Department's receipt of signed verification from the Orange County Emergency Medical Services Continuing Education Department.

**Section 2. Recertification Compensation.** Employees assigned as Paramedics shall receive \$500 after successful completion of the paramedic recertification process.

## **ARTICLE XI – UNIFORM ALLOWANCE**

**Section 1.** The City shall provide a lump sum uniform allowance in the amount of \$850 per fiscal year per employee.

**Section 2.** Uniform allowance shall be paid directly to the employee via a separate check as early as feasible in July of each year.

**Section 3. New Employees.** Newly appointed Firefighters shall receive an initial uniform allowance of \$750 and shall then receive the annual amount (Section 1, above) in July following initial appointment.

A new employee who quits within the first year of employment or is removed during probation shall be required to refund the City his/her \$750 uniform allowance or have the refund taken from his/her final paycheck, or may request that he/she be allowed to return a combination of money and uniforms to the City.

## **ARTICLE XII – WORKING OUT OF CLASSIFICATION**

**Section 1.** The City shall determine the necessity for working employees out of classification (acting assignments) on a temporary basis for the purposes of training/development, short-term or temporary shift coverage, and special assignments. It is not the City's intent to use acting assignments to delay or avoid hiring or overtime assignments.

**Section 2.** Acting assignments to a higher classification will be filled by employees on the eligible list for the classification; or, by employees who meet the qualifications for the classification when there is no current eligible list and there are no qualified rank-for-rank overtime volunteers. No one will be forced into an acting assignment; however, participation in acting assignment provides training and work experience for potential promotional candidates, and such experience may enhance an individual's opportunity for promotion.

**Section 3.** Effective July 1, 2005, employees who are assigned to work on a temporary basis in a higher classification/rank shall receive the first pay step of the higher classification or five (5) percent in addition to the employee's regular rate of pay, whichever is greater, when the following conditions are met:

- A. A shift employee is assigned and works a minimum of four (4) shifts, at least two (2) of which shall be consecutive shifts, in the acting capacity.
- B. A non-shift employee is assigned and works a minimum of fifteen (15) working days, at least seven (7) of which shall be consecutive working days.

Once the employee has performed in the acting position for the minimum number of shifts or days indicated above, the additional pay rate shall commence on the fifth (5th) shift, or sixteenth (16th) day of working within that assignment, whichever is applicable. Unless removed from such assignment for disciplinary or performance reasons, the employee who has completed the minimum requirements shall, for all subsequent temporary assignments to the same classification/rank, be paid at the higher rate for all hours worked.

**Section 4.** In determining whether the employee has worked the required consecutive scheduled fire shifts or working days, absence due to regular City holiday or regularly scheduled day off shall not be counted as a break in consecutive shifts/days. Absences for illness or injury occurring during the assignment shall not count as a break in consecutive days as long as the employee is able to return to the same assignment and complete the minimum service time. If the illness or injury results in the employee not being able to return within thirty (30) calendar days, and/or the assignment is no longer needed when the employee returns, the employee shall receive credit for time served as non-consecutive time, and shall have to meet the minimum consecutive day requirements in a future assignment to the same classification/rank. Voluntary absences, such as vacation, accrued holiday leave time, compensatory overtime off and leave without pay shall be considered a break in consecutive shifts/days and thereby cause an employee to be ineligible to receive working out of classification pay until the consecutive day requirements have been met.

## **ARTICLE XIII – FRINGE BENEFIT ADMINISTRATION**

**Section 1. Administration.** The City reserves the right to select the insurance carrier, or to administer any fringe benefit programs that now exist or may exist in the future during the term of this Memorandum of Understanding.

**Section 2. Selection and Funding.** In the administration of the fringe benefit programs, the City shall have the right to select any insurance carrier or other method of providing coverage to fund the benefits included under the terms of this Memorandum of Understanding, provided that the benefits of the employees shall be no less than those in existence as of implementation of this Memorandum of Understanding.

**Section 3. Changes.** If, during the term of this Memorandum of Understanding, any change of insurance carrier or method of funding for any benefit provided hereunder occurs, the City shall meet with the Association prior to any change of insurance carrier or method of funding the coverage.

**Section 4. Flexible Benefit Plan.**

- A. The City's Flexible Benefit Plan shall include, for the employee and eligible dependents, City sponsored health insurance plans including medical insurance, dental insurance, and optical insurance. The Flexible Benefit Plan shall also include, for employee only, short-term disability, optional life insurance, deferred compensation, and education reimbursement for undergraduate college-level courses only.

Effective January 1, 2014, the maximum Flexible Benefit contribution for employees enrolled in a City sponsored medical plan shall be:

Single employee	\$750
Employee plus 1 dependent	\$1100
Employee plus 2 or more dependents	\$1400

Should any other non-management association receive an increase in flexible benefit contributions to an amount greater than that available to Fire Association members, that same amount will be made available to Fire Association members effective the same date as made available to the other non-management association.

Within the monthly contribution amounts, \$335 is considered to be the City's contribution toward the PERS Health Insurance Program for medical insurance and shall be reported to PERS as such. This \$335 shall be the City's contribution toward retiree medical insurance coverage. There is no opt out value for retiree medical coverage.

Employees hired prior to January 1, 2006, who have opted out will continue to receive a \$650 contribution. Employees hired on/after January 1, 2006, shall receive the amount shown for the plan level in which they have enrolled. Those hired on/after January 1, 2006, who opt-out of all the City health plans will receive \$325 per month.

Employees who do not use the full amount of the Flexible Benefit contribution for optional benefits provided herein may elect to receive the remaining amount as taxable cash in the bi-weekly payroll, or to deposit the amount in a deferred compensation (457) plan, or to apply such amount toward a qualified retirement health savings account (RHSP), when such plan is established and eligible for deposit.

Should the total cost of premiums for benefits selected under the Flexible Benefit Plan exceed the City's monthly contribution, the overage will be paid by the employee via pretax payroll deductions. The City will continue to pay the one-half percent (1/2%) administrative fee for the PERS Health Insurance Program medical insurance plan. If the administrative fee increases, the City shall meet and confer on the increase.

While participating in the PERS Health Plans during the term of this Agreement, should PERS or legislative acts redefine the designated contributions for retirees to include Flexible Benefit Plan contributions; the parties will meet and confer on an alternative method of funding active employee benefits.

- B. At such time during the term of this Memorandum of Understanding that education reimbursement is considered a taxable benefit under Internal Revenue Service Regulations, then education reimbursement shall be excluded as a Flexible Benefit Plan option.

**Section 5. Life Insurance.** Based on the life insurance policy limitations, the City shall provide each employee with a term life insurance policy with a benefit equal to one times the individual employee's annual salary. An employee may purchase additional (optional) life insurance coverage at his/her own expense subject to the terms, conditions, and approval of the insurance carrier.

**Section 6. Section 125 Program.** The City has implemented an Internal Revenue Section 125 program which allows employees to allocate specified amounts of monthly pre-tax salary or wages for the reimbursement of medical care expenses or dependent care expenses, or both. Employees who choose to participate in the program shall pay all subsequent program administration costs and/or fees.

## **ARTICLE XIV – RETIREMENT**

**Section 1. Public Employees' Retirement System (PERS).** All employees covered under this Agreement shall be members of the State of California Public Employees' Retirement System and are subject to all applicable provisions of the City's contract with PERS, as amended.

- A. As regards employees hired before July 1, 2011 into classifications represented by the Association, effective the first payroll period commencing on or after July 1, 2013 the above City-funded employee PERS contributions shall be reduced from 4.5% to 2.25% of PERS reportable compensation for safety employees and effective July 1, 2014 employees shall pay the entire 9% PERS-mandated employee retirement contribution, as it may from time to time exist.
- B. As regards employees hired after July 1, 2011 into classifications represented by the Association, employees shall pay 100% of the PERS-mandated employee retirement contribution, as it may from time to time exist.
- C. Implementation of the above reductions in City funding of the employee PERS contributions shall be accomplished by means of each affected employee incurring a payroll deduction each payroll period in the above amounts. Said payroll deductions shall be on a pre-tax basis pursuant to IRS Code Section 414(h)(2).

- D. PERS Plan Formula for Safety Employees. The PERS plan in effect for safety members hired before September 17, 2011 is known as the "Local Safety 3% @ 50 Plan, based on the single highest year." Association members hired on or after September 17, 2011 shall be enrolled in the 2% @ 50 plan formula based on the three highest years and shall be ineligible for the single highest year benefit.
- E. All employees subject to the single highest year (one-year final compensation) benefit shall fund that benefit 100%, in the amount of 1.681% of CalPERS reportable "compensation earnable," as it may from time to time exist. Said funding shall be by means of a payroll deduction. Current employees presently eligible for the "one-year final compensation" benefit who were hired prior to July 1, 1984 will not be required to make the payroll contribution specified in this section.
- F. 1959 Survivor Benefit. The PERS Retirement Plan has been amended to include the Fourth Level 1959 Survivor Benefit. The employee shall pay one hundred (100) percent of all monthly costs for this benefit, in addition to the \$2.00 monthly cost for the basic level 1959 Survivor Benefit.
- G. AB340 (Pension Reform), as it may from time to time exist, shall in its entirety be given full force and effect during and after the term of the 2013 MOU. Any provision in the 2013 MOU which contradicts any provision of AB340, shall be deemed null and void, with the contrary AB340 provision(s) being given full force and effect. Therefore, no provision of AB340 shall be deemed to impair any provision of the 2013 MOU or any MOU, Agreement, Rule or Regulation predating the 2013 MOU.

**Section 2. Social Security.** In the event the City and its employees are required to participate in the Federal Social Security Program, the contributions designated by law to be the responsibility of the employee shall be paid in full by the employee and the City shall not be obligated to pay or "pick up" any portion thereof.

**Section 3. Retirement Health Savings Plan.** Employees may participate in the ICMA-RC retirement health savings plan (RHSP) pursuant to the regulations established by the Internal Revenue Service. This provision shall apply to all unit employees as required by the IRS regulations. Other employee contribution provisions may be implemented upon approval by the City and adopted prior to November 1 of any year, to be effective the first of the next following tax year (i.e., January). Effective with the payroll including January 1, 2009, all full-time employees will each contribute a mandatory \$25 per month to the individual employee's Retirement Health Savings Plan (RHSP). Contributions to an RHSP must comply with the mandatory contribution provisions provided under IRS regulations. City and BFA may create or amend contribution provisions prospectively to comply.

## **ARTICLE XV – HOLIDAYS**

### **Section 1. Non-Shift Employees.**

- A. The City designates eleven holidays per year for non-shift employees as follows:
- Independence Day, July 4
  - Labor Day, first Monday in September
  - Thanksgiving Day
  - The day following Thanksgiving Day
  - Christmas Eve, December 24
  - Christmas Day, December 25
  - New Year's Eve, December 31
  - New Year's Day, January 1
  - Martin Luther King Jr. Day, third Monday in January
  - President's Day
  - Memorial Day, last Monday in May
- B. Each non-shift employee shall accrue holiday hours at a rate of approximately 4.15 hours per (80) regularly scheduled hours worked to a maximum of 108 hours each fiscal year. Accrued Holiday hours shall be recorded on the employees paycheck stub.
- C. When a designated holiday is taken off, the employee's holiday accrual balance shall be debited in the amount of holiday hours taken off. Vacation and/or compensatory time off, shall not be utilized to fund a used holiday off, unless the employee's holiday bank has a balance of hours less than the hours in a work day. In such case the existing holiday bank may be supplemented with vacation and/or compensatory time off earned hours to the extent necessary to equal the holiday hours taken off.
- D. Newly hired (i.e. less than one year) employees who have not accrued vacation or other paid leave, may "borrow" from the holiday bank against future holiday accruals. Employees leaving City employment with a negative holiday bank balance shall have the balance deducted from accrued vacation as of the date of employee's separation.
- E. Holiday balances in excess of 12 hours after the payroll period including the final February holiday, shall be paid to the employee in May at the employee's basic rate of pay as of the date of the payoff. Any employee with a balance of less than 12 hours who desires a full payoff of his or her holiday balance should e-mail this request to Payroll no later than April 10<sup>th</sup> of each year.
- F. Payoff of accumulated holiday hours shall be processed with the employee's regular payroll check. This check may also contain a payoff of accumulated compensatory time (refer to Article V of this Memorandum of Understanding).
- G. When the actual dates of Christmas Eve, Christmas, New Year's Eve or New Year's Day fall on a weekend or closed 9/80 day, to the greatest extent possible, the holiday will be observed by using the time to "pay" for the Holiday Closure days that are not

otherwise covered by actual holidays. With the exception of this circumstance holidays shall be observed on Friday when the actual legal holiday falls on Saturday and holidays shall be observed on Monday when the actual legal holiday falls on Sunday.

## **Section 2. Shift Employees.**

- A. Twenty-four (24) hour "shift" employees do not have designated holidays. Shift employees shall accrue one hundred thirty-six point three (136.3) holiday hours per fiscal year. Accrued holiday hours shall be recorded on the employee's paycheck stub.

It is not the intention of the City to encourage the accumulation of holiday hours. A shift employee must submit a written request to his/her immediate supervisor prior to using accrued holiday leave time. Holiday leave time for shift employees may only be taken subject to the approval of the Fire Chief, or designee, after the consideration of the departmental workload and other staffing considerations such as, but not limited to, the approved leave schedule of other employees, sick leave and position vacancies, and impact of the used holiday upon overtime expenditures.

When a designated holiday is taken off, the employee's holiday accrual balance shall be debited for 16 holiday hours for each holiday taken off with the employee having the option of using vacation, compensatory or holiday for the remainder of the shift. Otherwise, vacation and/or compensatory time off, shall not be utilized to fund a used holiday off, unless the employee's holiday bank has a balance of hours less than the hours in a work day. In such case the existing holiday bank may be supplemented with vacation and/or compensatory time off earned hours to the extent necessary to equal the holiday hours taken off.

Holiday hours taken by shift employees shall not exceed the same number of hours as the normal shift hours worked.

Holiday hours accumulated and not taken prior to the payoff in November shall be paid at the employee's basic rate of pay as of the date of the payoff.

- B. Payoff of Accrued Holiday Hours. Payoff of accumulated holiday hours shall be processed with the employee's regular payroll check. This check may also contain a payoff of accumulated compensatory time (Refer to Article V of this Memorandum of Understanding)

Leave Scheduling.** The Department will review, approve and arrange coverage for employees requesting leave time of three (3) or more shifts (including any combination of vacation, holiday or compensatory time off) at least twenty-eight (28) calendar days in advance of the requested date. Any requests for three (3) or more shifts presented in less than twenty-eight (28) days will be subject to the employee confirming replacement coverage and confirming such replacement with the shift Battalion Chief. For requests of fewer than three (3) shifts off, the Department will arrange coverage, if the request is presented at least fourteen (14) calendar days in advance. All requests for leave time presented less than fourteen (14) days in advance will be subject to the employee arranging for replacement coverage and confirming such replacement with the shift Battalion Chief.

**Section 5. Buy-Back of Vacation Leave Hours.** Upon an employee's written request, the City will buy-back unused vacation hours subject to the following provisions:

- A. A non-shift employee must have used one (1) consecutive work week of-vacation leave within one (1) year prior to the date the employee is requesting a vacation buy-back. A shift employee must have used seventy-two (72) consecutive hours of vacation leave within one (1) year prior to the date the employee is requesting a vacation buy-back.
- B. The minimum amount of each buy-back shall be forty (40) hours.
- C. Shift employees must maintain a minimum balance of one hundred sixty (160) hours in their vacation leave banks. Non-shift employees must maintain a minimum of eighty (80) hours in their vacation leave banks.

## **ARTICLE XVII – DONATION OF LEAVE TIME**

Employees may donate, on an hour-for-hour basis, vacation, compensatory or holiday leave time to City employees who have exhausted all available accrued leave time due to a major medical condition.

## **ARTICLE XVIII – SICK LEAVE AND BEREAVEMENT LEAVE**

**Section 1. Sick Leave.** Non-shift employees shall earn eight (8) hours of sick leave per month; shift employees shall earn twelve (12) hours of sick leave per month. Sick leave shall be earned, commencing on the first day of employment and shall accrue on a bi-weekly basis.

**Section 2.** Sick leave utilization for dental appointments, medical examinations and/or due to death or serious illness in the immediate family shall be limited to a maximum of seventy-two (72) hours for shift employees and forty-eight (48) hours for non-shift employees per fiscal year.

**Section 3. Sick Leave Authorization Due to Death or Serious Illness in the Immediate Family.** An employee shall be allowed sick leave due to death or serious illness in the immediate family. Immediate family as used in this Article is limited to: the employee's parents and grandparents (natural, adoptive, foster, by marriage or legal guardians), current spouse, registered domestic partner, children and grandchildren (natural, adoptive, foster, or by marriage or domestic partnership), parents-in-law (or by domestic partnership), siblings, and siblings-in-law (or by domestic partnership). In the event of death in the immediate family, a death certificate or other acceptable evidence may be required by the Fire Chief, or designee, before the sick leave is allowed. In the event of a serious illness in the immediate family, a medical certificate from an acceptable medical authority or a personal statement of such illness and an explanation of the need for the employee's absence, may be required by the Fire Chief, or designee. Such leave may take travel time into consideration. The amount of sick leave used in either of these two

circumstances shall be reported on the appropriate leave request form.

**Section 4. Notification to Supervisor.** Any employee needing to be absent because of sickness or other physical disability shall notify the Fire Chief or immediate supervisor at least one (1) day prior to such absence if circumstances permit, or as soon thereafter as possible.

**Section 5. Return to Work Following Illness.** An employee using sick leave pursuant to this Article and the City of Brea Human Resources Rules and Regulations, may be required by the Human Resources Officer to submit a medical certificate signed by a duly-licensed physician, surgeon or psychiatrist stating that the employee was incapacitated for the performance of his/her duties during the sick leave use and that the employee is now capable of performing his/her duties or such of his/her duties as enumerated in the certificate. The Human Resources Officer or his/her designee may require an employee to submit to a medical and/or psychiatric examination by a physician designated by the City before permitting the employee to return to work after the employee has been on sick leave. If the results of any such examination indicate that the employee is unable to perform assigned duties, or if performance of those duties will expose others to infection, the employee shall be placed on sick leave, compensatory time, vacation time, or leave without pay after all such leave has been used, until adequate medical evidence is submitted that the employee is competent to perform assigned duties or will not subject others to infection. In the event any certificate and/or report states that the employee is unable to perform the full range of duties of the position to which the employee is assigned, the City may assign the employee duties and responsibilities which the City believes the employee is capable of performing. In cases of disabling illness or injury, the Human Resources Officer or Fire Chief shall assess the City's ability to provide reasonable accommodation.

**Section 6. Medical Certificate Requirement.** Any employee who makes application for sick leave due to illness or injury for a period of time longer than two (2) fire shifts for shift employees, or three (3) working days for non-shift employees, upon any single occasion may be required to submit to the Fire Chief, or designee, a medical certificate signed by a duly and regularly licensed physician authorized to practice medicine in the State of California. The medical certificate must set out the following:

- A. That the employee has an illness or injury that prevents him or her from working;
- B. A statement that the employee is physically able to return to work;
- C. The effective date the employee is expected to return to work.

**Section 7.** Any employee falsifying reason for sick leave shall be subject to disciplinary action, up to, and including termination.

**Section 8. Bereavement Leave.** An employee shall be allowed twenty-seven (27) non-shift hours or forty-eight (48) shift hours, as applicable, of bereavement leave for each incident of a death of an immediate family member (as defined in Section 3 of this Article).

Bereavement leave usage is subject to sick leave usage rules and is in addition to the sick leave which an employee may use for death in the immediate family (Section 3 of this Article). Bereavement leave hours shall not accrue or carry over to a new fiscal year.

**ARTICLE XIX – SERVICE CONNECTED INJURY OR ILLNESS**

**Section 1. Industrial Leave.** An employee who sustains illness or injury arising out of his/her employment or in the course of his/her employment shall receive compensation, hospitalization benefits, surgical and/or medical attention, and if necessary, industrial injury leave in accordance with the provisions of the State of California Workers' Compensation Insurance and Safety Act.

- A. Should it be determined that an employee's illness or injury did not arise out of his/her employment, or in the course of his/her employment with the City, the employee's accrued, or if insufficient, future sick leave shall be charged to reimburse the City for any payments made to the employee for industrial leave.
- B. Employees may be granted a maximum of one (1) year industrial leave pursuant to Labor Code Section 4850 for each injury or illness determined to be compensable under the Workers' Compensation Act.
- C. No employee may use accrued sick leave while on industrial leave.
- D. Vacation and sick leave shall accrue for an employee on industrial leave.

**Section 2. Expiration of Industrial Leave.** Industrial leave shall expire when one of the following conditions occurs:

- A. The employee is able to return to a modified duty assignment and the City has such an assignment available.
- B. The employee is able to return to work to his/her regular position.
- C. The employee is able to return to work to another position designated by the City.
- D. The day before the employee is retired or separated from disability. The employee's "retirement date" shall be the first of the month after all the following occur and are determined by the City:
  - 1. The employee's condition is determined to be permanent or of an extended duration;
  - 2. The degree of disability precludes continued employment by the employee in his/her present position;
  - 3. After fifty-two (52) weeks of industrial leave.

**Section 3. Return to Work After Service Connected Illness or Injury.** An employee claiming a service-connected injury or illness pursuant to the Labor Code of the State of California, as amended, may be required by the Human Resources Officer to submit a medical certificate signed by a duly-licensed physician, surgeon, or psychiatrist stating that the employee is capable of performing his/her duties or such of his/her duties as are enumerated in the certificate. The Human Resources Officer may require the employee to take an examination by a City designated physician, surgeon, or psychiatrist who shall make a report to the City as to the employee's ability to fully perform the duties and responsibilities of his/her position. In the event the certificate and reports enumerate less than all of the duties to which the employee may be assigned, the City may assign the employee duties and responsibilities which the City believes the employee is capable of performing. In cases of disabling illness or injury, the Human Resources Officer, or Department Director shall assess the City's ability to provide reasonable accommodation.

## **ARTICLE XX – OTHER LEAVES**

**Section 1. Leave of Absence Without Pay.** The Fire Chief or designee may grant leaves of absence for a maximum of ninety (90) working days without pay to any employee if the circumstances of the particular case warrant and if the Fire Chief so recommends such leave of absence in writing. An employee, not under suspension, may make application for leave without pay after all available leave benefits, including vacation, compensatory time, holiday leave time, Family Care Leave, and sick leave (subject to eligibility to use sick leave) and any other leave benefits have been completely used. No employment or fringe benefits such as sick leave, vacation, retirement, or any other benefits shall accrue to any employee on leave of absence without pay; except, however, the City will continue to pay the employee's medical insurance up to the current maximum allowable under the current flexible benefit plan program for a maximum of three (3) months during any one (1) leave in any twelve (12) month period while an employee is on authorized leave.

Prior to the end of a leave of absence without pay, if the employee desires additional leave, written application must be made to the Fire Chief stating the reasons why the additional leave is required and why it would be in the best interest of the City to grant such leave of absence. If, in the Fire Chief's opinion, such additional leave is merited and would still preserve the best interests of the City, he/she may approve such extensions of leave of absence for a period not to exceed an additional ninety (90) working days. If the employee does not return to work prior to or at the end of such leave of absence or extension of leave of absence, the City shall consider that the employee has terminated his/her employment with the City. An employee on leave of absence must give the City at least a seven (7) day written notice of the employee's intent to return to work.

**Section 2. Leave of Absence With Pay.** The Fire Chief, or designee, may authorize other leaves of absence with pay to employees for the performance of authorized duties in connection with City business, for attendance at trade, professional or other meetings and conferences which relate to official duties, or participation in recognized and approved

training and related activities, within budgeted authorization.

**Section 3. Employee Association Leave.** A reasonable number of the Executive Board of the Association recognized by the City Council shall be authorized leave of absence with pay according to the following provisions:

- A. To meet and confer as requested by the City Manager;
- B. To perform necessary representational functions at times prearranged and approved by the Fire Chief, or designee, after consideration of the departmental work load and other staffing considerations; and
- C. For such other matters where formal written approval has been granted by the City Manager.

**Section 4. Association Time Bank.** City agrees to allow Association members to each voluntarily contribute a block of five (5) hours of accrued vacation as of August 1 of each year, commencing August 2005, to an Association Time Bank. Hours donated shall be deducted from the donor's accruals and converted to their cash value at the time of donation. Donor forfeits any claim to the leave time upon donation.

The Association Time Bank (ATB) is an account from which the Association Board may authorize paid leave to be taken by its members to conduct Association business. All leave requests are subject to regular Departmental leave policies, and authorized leave positions shall not be filled using mandatory staffing policies (Constant Staffing System). Authorized leave under this section may be cancelled under the same criteria as other leaves, at the discretion of the Fire Chief.

Authorized ATB leave will be deducted from the bank at the regular hourly pay rate of the affected employee. If there is an insufficient balance in the bank, the difference between ATB time and the actual hours of authorized leave shall be charged to the affected employee's personal vacation accrual.

Leave shall be requested in advance and submitted to the Operations Chief, using the proper leave request form, and including the signed authorization of the Association president or his/her designee.

Association indemnifies and holds harmless the City of Brea in the event any Association member challenges the use of donated leave time.

## **ARTICLE XXI – SUBSTANCE ABUSE POLICY**

It is the responsibility of all affected employees to cooperate to protect the lives, personal safety and property of co-workers and fellow citizens. The parties hereto and all affected employees shall take all reasonable steps to accomplish these goals and to minimize

potential dangers.

- A. It is in the best interest of the City, the Association, employees and the public to ensure that employees do not appear for work under the influence of drugs or alcohol, or possess illegal substances or alcohol while at work, because such conduct is likely to result in reduced productivity, an unsafe working environment, poor morale and increased potential liability to the City. "Under the influence of drugs" means the knowing use of any illegal substances or knowing misuse of a prescribed drug in a manner and to a degree that substantially impairs the employee's work performance or the ability to use City property or equipment safely.
- B. The City pays for an Employee Assistance Program for employees who may have problems with drugs and/or alcohol. The City and the Association agree that every effort shall be made by the City to refer employees who have such problems to this counseling service for assistance.

Refusal to submit to the test may be deemed insubordination and may subject the employee to discipline, up to and including termination. Nothing contained herein shall limit the City's right to discipline or discharge any employee.

## **ARTICLE XXII – NO SMOKING POLICY**

Employees hired on or after June 30, 1986, shall, as a condition of their continued employment, refrain from smoking tobacco at any time on or off duty. Violation of this condition of employment shall be deemed good cause for dismissal.

The Association recognizes that the City has the sole and exclusive right to change, revise, enhance, or eliminate the Reserve Firefighter Program. The Association will be notified of any changes to the Reserve Firefighter Program prior to implementation by the City. Failure to agree or accept any change, revision, enhancement, or elimination of the Reserve

Firefighter Program shall not preclude the City from implementation during the term of this Agreement.

and Regulations Regarding Firefighter Bill  
of Rights

## ***Amendment to Human Resources Rules and Regulations Regarding Firefighter Bill of Rights***

**Disciplinary Actions:** On and after January 1, 2008, the investigation and process for disciplinary actions against non-probationary firefighters, fire engineers, and fire captains shall be consistent with the Brea Human Resources Rules and Regulations and Government Code Section 3250 et seq. (hereinafter referred to as the Firefighter Procedural Bill of Rights, or "FBOR"). In lieu of Brea's Rule X, an appeal from a disciplinary action shall be conducted as provided below.

- A. A written notice of a disciplinary decision (or "accusation" as that term is used in GC 11500 et seq.), shall be provided to the non-probationary firefighter, fire engineer or fire captain at least forty-eight (48) hours before the effective date. The decision shall also include a copy of the employee's rights to appeal the decision within fifteen (15) calendar days, and copies of GC 11507.5, 11057.6, and 11507.7.
- B. Within fifteen (15) calendar days after delivery of a written notice of a disciplinary decision (or "accusation" as that term is used in GC 11500 et seq.), a non-probationary firefighter, fire engineer or fire captain may file an appeal by serving a written Notice of Defense (see below) to the Human Resources Manager. Failure to file such Notice of Defense within fifteen (15) calendar days, as determined by time-stamp upon receipt in the Human Resources Department office, shall be deemed a waiver of the employee's right to appeal under the FBOR and the Administrative Procedures Act (GC 11500 et seq.).
- C. The Notice of Defense shall include the following:
  - 1. A request for hearing;
  - 2. The basis of the appeal, including objections to the accusation(s) or the form of the accusation(s);
  - 3. Admission(s) to any part of the accusation(s);
  - 4. The name, address and telephone number of any designated attorney or other party representing the employee in the appeal;
  - 5. The signature of the employee and the date signed.
- D. In the absence of any express admission or objection, the Notice of Defense shall be deemed a specific denial of all parts of the accusation.
- E. Upon receipt of the Notice of Defense, the City will contact the California Office of Administrative Hearings to request assignment to an administrative law judge and the scheduling of an appeal hearing. Further notices regarding the hearing will be provided to the employee and such parties as the employee included in the Notice

of Defense. The hearing shall be conducted by the administrative law judge in accordance with GC 11508 et seq.
